2. Trading update

The CFO reported that first-quarter revenue of USD 23.6 million was USD 0.4 million below budget and that July and August had recovered most of the gap.

3. Test rig maintenance supplier

The Head of Procurement reported that Brennock Valve Services Ltd, the maintenance supplier for the Ardmoor test rigs under contract CON-2024-031, had missed service levels on two incidents: INC-2025-014 on rig TR-3 in August (P1 restore time) and INC-2025-021 on rig TR-1 in September (P2 response and restore times). Service credits had been or would be claimed. No second qualified supplier is available at short notice.

Resolution 2025-11: The Board asked the Head of Procurement to issue a formal warning to Brennock Valve Services Ltd, to agree a P1 restore time of no more than 6 hours with effect from 1 October 2025, and to qualify a second maintenance supplier by 31 December 2025.

The CEO reported that Dev Malhotra, Head of IT, has resigned and that his last working day is 31 October 2025. Recruitment of a permanent successor has started.

Resolution 2025-12: The Board appointed Yusuf Karimi, Information Security Officer, as interim Head of IT from 1 November 2025 until a permanent Head of IT starts, with the full authority of the Head of IT, including co-approval under rule CA-1 of the purchase approval matrix.
