CALDERWICK PUMP SYSTEMS LTD

# Health and Safety Annual Report FY2025

| | |
|---|---|
| **Document code** | OPS-HS-2025 |
| **Period** | 1 April 2024 to 31 March 2025 |
| **Prepared by** | Orla Fitzgerald, Health and Safety Manager |
| **Approved by** | Chief Operating Officer, 25 April 2025 |
| **Classification** | Internal |

## 1. Summary

Calderwick Pump Systems Ltd recorded two lost-time injuries in fiscal year 2025, the same number as in FY2024. The lost-time injury frequency rate fell from 1.7 to 1.6 per million hours worked because hours rose. Near-miss reporting rose from 33 to 41 reports, which we welcome as a sign of better reporting.

## 2. Key figures

**Table 1 - Safety performance**

| Measure | FY2025 | FY2024 |
|---|---|---|
| Lost-time injuries | 2 | 2 |
| Lost-time injury frequency rate (per million hours) | 1.6 | 1.7 |
| Total recordable injuries | 7 | 8 |
| First-aid cases | 58 | 61 |
| Near misses reported | 41 | 33 |
| Hours worked (million) | 1.25 | 1.19 |

## 3. Lost-time injuries

**Table 2 - Lost-time injuries FY2025**

| Date | Site | What happened | Days lost | Main corrective action |
|---|---|---|---|---|
| 14 October 2024 | Fenwick Bay (P3) | Burn to the forearm from molten metal splash during pouring | 9 | New face shields and sleeves for pouring crews |
| 3 February 2025 | Hollins Cross (P1) | Foot injury when a forklift reversed in a shared aisle | 14 | Speed limits and spotters in shared aisles; barriers planned |

## 4. Results by site

**Table 3 - Results by site**

| Site | Recordable injuries | Near misses | Safety walks completed |
|---|---|---|---|
| Head Office | 0 | 2 | 4 of 4 |
| Hollins Cross (P1) | 3 | 19 | 12 of 12 |
| Ardmoor (P2) | 1 | 6 | 12 of 12 |
| Fenwick Bay (P3) | 3 | 14 | 11 of 12 |

## 5. Training and certificates

96% of forklift operators held a valid certificate on 31 March 2025; two operators were stood down until renewal. All test rig operators at Ardmoor held a valid test rig certificate. Fire warden coverage met the minimum of two per shift at every site.

## 6. Priorities for FY2026

- Physical separation of forklift and pedestrian routes at Hollins Cross.
- Hearing protection compliance in the Ardmoor test halls while rigs are running.
- Confined-space planning for the Fenwick Bay furnace relining in November 2025.
- Monthly certificate checks against the training register at every plant.

## 7. Handover

This is my last annual report before I leave Calderwick on 30 April 2025. My successor as Health and Safety Manager takes over on 1 May 2025 and will present the FY2026 report.
