CALDERWICK PUMP SYSTEMS LTD

# Haulage Services Contract CON-2025-014

| | |
|---|---|
| **Contract number** | CON-2025-014 |
| **Supplier** | Tarnfield Logistics Ltd |
| **Supplier vendor ID** | VEN-061 |
| **Term** | 1 April 2025 to 31 March 2027 |
| **Classification** | Confidential |

## 1. Parties and scope

This contract is between Calderwick Pump Systems Ltd ("Calderwick") and Tarnfield Logistics Ltd ("the Supplier"), vendor ID VEN-061. The Supplier carries finished pumps from Hollins Cross to customers and runs the castings shuttle from Fenwick Bay to Hollins Cross.

## 2. Term

The contract runs for 24 months, from 1 April 2025 to 31 March 2027.

## 3. Rates

**Table 1 - Rates**

| Service | Rate per load (USD, excluding tax) |
|---|---|
| Hollins Cross to customer, zone A (up to 250 km) | 640 |
| Hollins Cross to customer, zone B (251 to 600 km) | 910 |
| Castings shuttle, Fenwick Bay to Hollins Cross | 380 |
| Waiting time beyond 2 hours | 75 per hour |

The Supplier invoices monthly for the loads carried in the month.

## 4. Performance

Performance is measured each month as the share of loads delivered within the agreed delivery window. The target is 95%. For each full percentage point below 95% in a month, Calderwick receives a credit of 3% of that month's charges. For example, 93.4% gives one full point below target and a credit of 3%. Credits are claimed by the contract owner within 30 days after the month end.

## 5. Contract management

Calderwick's contract owner is the Procurement Manager, Direct Materials. The Supplier provides a monthly performance report by the fifth working day of the next month.

## 6. Insurance and liability

The Supplier insures goods in transit up to USD 250,000 per load. Pumps with a higher value need a special insurance arrangement agreed before dispatch.
